A NEW WORLD CLASS EVENT SPACE

At 83 years young, the Mayne Medical Building in Herston is having an injection of new life. The new facilities will provide alumni and the wider Queensland medical community with a world class event space and the opportunity to reconnect with one of Brisbane’s most iconic and historic buildings.
MAYNE MEDICAL BUILDING EVENTS

The update will see the refurbishment of meeting rooms and the introduction of a function centre on level four. With new event facilities and a commercial kitchen, the Mayne Medical Building aims to become the preferred function and conference space for Queensland’s medical community and will be available to alumni, friends of the Faculty and the wider community from March 2020.

**FACILITIES**

The new centre will offer the following facilities for booking:

- Function hall (200 people standing or 150 seat dining)
- 150 seat tiered lecture theatre (existing facility in the Oral Health Centre)
- 138 seat tiered lecture theatre (ES Meyers Lecture Theatre)
- 70 seat classroom
- Four small meeting rooms
- Boardroom
- Commercial kitchen
- Bar facilities
- Audio-visual equipment and services
- Internet and wifi facilities

The refurbishment will also see the revitalisation of the Marks-Hirschfeld Museum of Medical History, providing enhanced opportunities to display our exhibits.

**BOOKING ENQUIRIES**

We are currently accepting early bird bookings for March 2020 and beyond.

For more information or to make an enquiry, please email our events coordinator at n.rabbit@uq.edu.au or call (07) 3365 5110.

**NAMING OPPORTUNITIES**

We welcome discussions about a range of philanthropic opportunities to honour individuals who have significantly contributed to our community’s medical history.

A variety of spaces can be named, including the level four event space, and all donated funds will benefit students through our Medicine Scholarship Endowment.
